

ENERGY MEDICINE YOGA®

Advanced Training Program

Vision

The Energy Medicine Yoga Advanced Training Program (ATP) is an apprenticeship-style program bringing the student toward mastery of their energetic structure - body, mind and spirit. The curriculum mentors and develops teachers to their highest personal and professional level which takes dedication and time. This is an immersion training, ideal for yoga teachers who are ready to commit to a high level of excellence in their teaching through self-study, experiential learning, and skillful and accomplished mastery of the Energy Medicine Yoga methodology, practices and underlying theory.

Note: This is not a standard 300-hour training that you can achieve in one year's time to earn a certificate (it actually consists of more than 300 hours of learning). It will not be registered with Yoga Alliance, but you can use these hours for CEUs. It will take a minimum of four years to complete the program, with two modules being offered per year.

Prerequisites

1. You must be a Certified EMYoga Foundations Teacher.
2. You must hold a 200-hour Yoga Teacher Certification.

How to Apply

1. [Click here to submit your Enrollment Form.](#)
2. Once we receive the enrollment form, and your admission into the program has been approved, you will receive an email from the EMYoga School (EMYS) requesting a \$100 enrollment fee. Your participation is not confirmed, until this fee has been received.

**This one-time, nonrefundable fee is to enter you into our system, so that we can track your progress and completion of all required elements throughout the duration of the program.*

Course Details

- The program is made up of 8 modules. You are required to participate and complete all of the requirements for each module to receive your certification.
- There are two modules offered per year.
- Each module contains 10 to 12 weeks of content total.

ENERGY MEDICINE YOGA®

 - The PC is also offered to the general public and runs for 5 or 7 weeks.
 - It includes 10 to 14 hours of theory and practice in total from Lauren Walker, along with some guest teachers. There will also be some written content and deepening practices.
 - Part 2 - Advanced Teacher Program (ATP) is 30 hours of advanced teacher training curriculum on the PC module's same topic.
 - You must take the PC first.
 - This part will be an additional 5 weeks of study.
 - Each ATP component entails 6 hours of pre-recorded content, launched each week, for 5 weeks.
 - You will have other reading and homework assignments that are also required.
 - You will need to log 30 practice hours per module and provide a brief reflection on what you gained, on a form that will be provided for you. This form is called your "ATP Tracker".
 - You will be assigned an EMYoga Master Teacher as a mentor, who will help to guide your experience. You will get 1, one-hour private mentoring session with your mentor for each module.
 - Together, the two parts equal 40-44 hours of learning content and instruction per module.
 - After each module, there will be an online exam. After the ATP module which lasts 5 weeks, you have 3 months to complete and submit your exam.
 - Upon successful completion of your exam, you will receive a "Certificate of Completion". This can be used to log your non-contact CEUs with Yoga Alliance.
 - You will also receive an EMYoga Series to teach which relates to that module's area of study.
 - The PC and the ATP do not need to be taken back-to-back, but we do recommend you take the ATP track within 6 months of completing the PC.

Frequently Asked Questions (FAQs)

Q: Why is there an enrollment fee?

A: There is a nonrefundable, one-time \$100 enrollment fee so that the EMYS can track your progress throughout the ATP.

Q: How long will it take to complete the ATP?

A: The quickest you will be able to complete the ATP is 4 years. This is because there are only 2 modules offered per year and it is necessary to complete all 8 modules.

Q: How long do I have to complete each ATP module?

Q: What if I don't complete the module in the required timeframe?

ENERGY MEDICINE YOGA®

A: There is an extension fee of \$50 for 3 months. This equates to 6 months of time following the conclusion of the 5-week ATP portion. After this time period of 6 months, if you do not complete the work, you must take the ATP module again.

A: You just need to take the ATP part within 6 months of completing the PC.

Q: How long do I have access to the content/videos of each ATP component?

A: The PC course videos are yours for 1 year. The ATP content is yours until you graduate from the ATP training.

Q: Can I just take the PC courses and enroll in the ATP Track down the road?

A: No, you must enroll in the ATP module within 6 months of taking the PC course, or you will need to retake the PC course to enroll in the ATP training.

Q: Can I choose my EMYoga mentor? Who are they?
